Experience

MOTION GRAPHICS EDITOR JOHNS HOPKINS MEDICINE

Oct 2023 – Present

- Facilitated project intake and client consultations.
- Crafted scripts to fit client needs and project specifications.
- Spearheaded 2D animation projects for educational and medical content uploaded to Johns Hopkins' Youtube.
- Collaborated with team members weekly to pitch new video concepts.
- Assisted video production team in integrating graphics and animations into live action video.

ANIMATOR / MOTION DESIGNER COMMONVISION

Aug 2020 – Dec 2021

- Created compelling advertisements for digital signage, social media, and web platforms, drawing engagement and visibility for UMBC events and announcements.
- Communicated with clients to set up project deadlines, expectations, and objectives, ensuring seamless project execution.
- Streamlined project management and client interaction through Basecamp software.
- Applied valuable feedback from both clients and team members, demonstrating flexibility and enhancing final content.
- Utilized RiseVision broadcasting software to distribute videos across campus to maximize content reach and impact.

ASSOCIATE VIDEO ENGINEER MOSAIC LEARNING

May 2018 – Jun 2020

- Collaboratively and independently created instructional, promotional, and marketing videos, employing 2D and 3D techniques.
- Assisted in drafting scripts for third-party voiceover vendors.
- Introduced new and ideas and concepts to team members, contributing to the success of final deliverables.
- Implemented client feedback seamlessly, resulting in refined final products and satisfied clients.
- Contributed to the transition of team processes to align with company's shift towards Agile methodology, fostering improved efficiency and adaptability.
- Strategized with team members to address potential project impediments and deadlines, ensuring timely delivery of deliverables.
